**SECOND AND SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT**

COMMISSIONER FOR PATENTS  
P.O. Box 1450  
Alexandria, VA 22313-1450

S I R :

This supplements the INFORMATION DISCLOSURE STATEMENT filed July 14, 2005 in which the PTO Form PTO/SB/08A identified all of the references cited in the International Search Report of WO 2004/0066731 A1 which is the 18-month publication of British Patent Application No. 0301975.9 filed January 29, 2003. Copies of the references cited in the International Search Report should have been supplied by WIPO to the USPTO and therefore are not required. However, for the convenience of the Examiner, copies of the non-U.S. references are enclosed herein.

In addition, annexed hereto are copies of publications (except for U.S. Patents) identified in a search that was carried out on the British priority application. This search identified

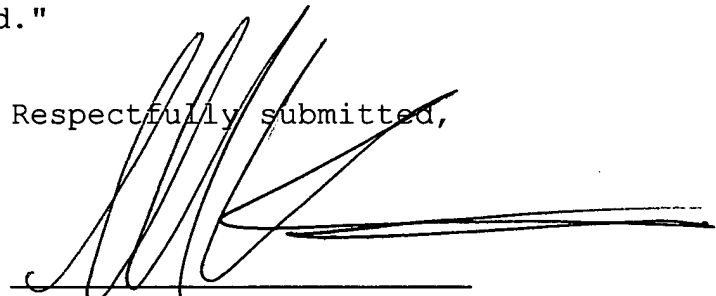

the following documents: GB-A-2379 440 (equivalent to WO 02/08127 cited in the International Search Report (copy enclosed)), US 4,874,526, US 5,741,757 and WO 96/14092.

Copies of U.S. patent documents identified on said form PTO/SB/08A are not enclosed herewith since the USPTO waived the requirement to file copies of U.S. patents and U.S. patent application publications.

It is requested that the publications be considered with respect to the patentability of the present invention and that an initialed copy of the enclosed Form PTO/SB/08A be returned to applicants to indicate that such publications have been considered and made "of record."
